

Sales for sustainability

THIS month has been dubbed 'Sustainable September' by Evermore Heights estate in Baldivis.

Estate developer Satterley will hold a garage sale to quit unwanted furniture from its metropolitan sales offices at its sales centre on the corner of Eighty Road and Numbat Approach on September 17.

One resident will hold a car boot sale at the office while others will hold garage sales at their own homes on the day.

Treasure hunt maps will be available from the sales office.

"Just fill in the answers, return the completed map to the sales office and you'll receive a treasure show-bag ideal for the kids," Satterley community development co-ordinator Lorien Doherty said.
