

A taste of Honey

would do

Ross North's "Honeywood" is the first display home at Honeywood estate. Inset: Philippa, Jonathan and Sasha Du Plessis.

The average first-home loan in July this year was \$277,000, down from \$279,500 at the same time last year.

THE first four homes have opened in the new Honeywood estate's display village, which will ultimately consist of 31 houses.

The race to be the first to open a display home at Honeywood, Wandí, was won by Ross North Homes with its appropriately named "Honeywood" design.

And the first buyers at Honeywood have gathered for a meet and greet.

About 25 people, who will be among the first to move into Honeywood in a few months, attended a welcome morning tea. Jonathan and Philippa Du Plessis and their daughter Sasha seized the opportunity to meet other newcomers to the estate.

They and other buyers got a welcome

gift from Satterley.

"One couple brought extended family to our function and they liked the estate so much they've also decided to settle here," Honeywood estate manager Andrew Antonas said. Honeywood is off Kwinana Freeway and close to public transport, shopping and schools. It has a series of landscaped parks with 25 per cent of the estate preserved as natural bush and wetlands. Contact Mr Antonas on 9368 9079, www.satterley.com.au or visit the Honeywood sales centre on-site every Saturday and Sunday between 1-5pm.
